Genie Forklift

Genie Forklift Training Alberta - Genie is a universally predictable corporation that enjoys the spirit of alliance with their extensive network of allied consumers. Genie Industries prides itself on the thought of bringing materials and people higher and extending beyond the products they produce. Genie Industries strives to help clientele erect their operations no matter how large or small the scale of undertaking may be.

The inauguration of the Genie Hoist in 1996, a pneumatic, portable material lift initiated the start of Genie Industries. A succession of aerial work platforms and additional material lift trucks followed to meet consumer demand. These progressive products secured global recognition and established modern product design.

Genie Industries is at this time a subsidiary of Terex Corporation. Sustaining leading quality production and uncompromising service and support are among their top priorities. With customers from Helsinki to Hong Kong and Denver to Dubai requesting the unique blue coloured forklifts on the jobsite, the business is assertively grounded in their exceptional client service and values. Acknowledging that their customers are their greatest inspiration, the team at Genie Industries are personally dedicated to delivering expertise and maintaining customer rapport.

The meticulous team is persistently committed to identify the most green and efficient, environmentally accountable ways to develop the goods the clients covet. The company’s “lean manufacturing” procedures help limit waste while providing the highest quality product possible in the shortest timeframe at the least expensive cost to the customer. The staff at Genie Industries is proud to serve the industry and this is reflected in every invention they manufacture. Always welcoming client contribution allows them to design and develop progressive new products that are simple to service and handle, provide optimum value-for-cost and satisfy international standards. Thriving on customer opinion allows Genie Industries to continually evolve and meet the consumers’ requirements.

Genie service professionals grasp the importance of uptime. They are readily accessible to answer inquiries and offer solutions. Their expansive components network will swiftly ship components to guarantee their customers’ equipment are running effectively. Each product comes backed by a competitive and reliable warranty.

Genie Industries prides itself on consumer success. They manufacture and service their goods to boost efficiency and uptime on the job. Offering on-going training opportunities, to marketing support to flexible financing possibilities, Genie Industries provides their customers the tools to get the most out of their investment.
